- Recovered patients - 56,889
- New cases since 9/2 - 969
- Deaths - 861
- Patients in the hospital - 425
- Patients on ventilators - 91

### Family Practice Physicians and Pediatricians Can Receive Reimbursements for Vaccinations for Children

Primary care physician practices that serve children may be eligible for reimbursements for expenses from March 1 to October 1, 2020, to help close the pediatric immunization gap resulting from the impact of the COVID-19 pandemic. The Arkansas Coronavirus Aid, Relief, and Economic Security (CARES) Act Steering Committee approved \$8.77 million in federal funds from the Coronavirus Relief Fund to support this effort.

The maximum reimbursement for each primary care practice is \$30 per child who is covered by either Medicaid ARKids A or B as of March 2020, up to the cost of the enhancements as supported by the documentation submitted to DHS.

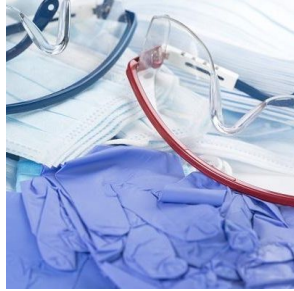

Physicians can apply for reimbursement for eligible vaccine-related expenses using this form [here](#). To learn more about the program and expenses that are eligible for reimbursement, please read through these [Frequently Asked Questions \(FAQs\)](#). Physicians are also encouraged to review the guidance found [here](#).
